

## How Nature Provides.

### OUR BEAUTY, HEALTH AND HAPPINESS.

Is it not possible if not probable that elements necessary for the body-health are contained in the native medicinal roots found in the earth, digested in the plant laboratory of nature and made ready for man or animal?

The medicinal virtues of many American plants and roots were known to the early Indians. Thus a root known to modern physicians as Caulophyllum or Blue Cohosh was known to the Indians as "Squaw root." Another, known to the Indians as "Rattletweed root," is used in modern medicine as "Cimicifuga."

Prof. King's American Dispensary, an authority in these matters, says: "Our Indians set a high value on Rattletweed root (Black Cohosh) in diseases of women. It is surpassed by no other drug in congestive conditions of the parts where there are dragging pains and tenderness."

After many years of study and experiment Dr. Pierce, the medical director of the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., put up a prescription of his own, containing the non-alcoholic, glyceric extracts of the two above mentioned ingredients, together with Golden Seal root, Lady's Slipper root and Unicorn root. Thus, there is no mystery in the make-up of this famous "Prescription." The use of alcohol is

entirely avoided in its manufacture, chemically pure glycerine being found to serve the purpose of extracting and preserving the medical properties even better than alcohol.

**Learn the Truth.** The one medicine for the cure of woman's peculiar weaknesses and ailments, the ingredients of which are printed on the wrapper of every bottle leaving the great Laboratory in Buffalo, N. Y., where it is made, is called Dr. PIERCE'S FAVORITE PRESCRIPTION.

**It Stands Alone** not only in ingredients, but also as the only specific advertised remedy for woman's diseases which absolutely contains NO ALCOHOL.

**It Stands Alone** as the one medicine for the cure of the diseases peculiar to women, because the earth supplies the vegetable ingredients. Mrs. Mary J. Beard (Trained Nurse, Washington Hospital, of 1705 9th Street, N. W., Washington, D. C., writes:

"I felt badly for four years, had terrible pains at times and was often unable to be about attending to my duties; appetite was poor and sleep fitful. Tried to cure myself in various ways without success, but finally my attention was called to Doctor Pierce's Favorite Prescription and decided to try it. Am certainly glad that I did for I began to improve with the first bottle, and gradually became better until I was entirely cured of the old trouble. Am well and can enjoy life once more."

**Dr. Pierce's** Good temper is largely a matter of good health, and good health is largely a matter of healthy activity of the bowels. Dr. Pierce's Pleasant Pellets cure constipation. They are safe, sure and speedy, and once taken do not have to be taken always. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. By all druggists.

The local papers declare that Washington is suffering from an ice famine. It would have been worse if it had occurred while Congress was still disbursing a supply of hot air.

This question of where the Chicago packers get the meat they eat at home could probably be answered on the theory that they have a gentleman's agreement with each other.

That ruling of the Missouri court about not having to pay for trust-made goods ought to have a deterrent effect on any credit trusts customers.

It is reported that the next Congress will appoint a Committee on Aerial Affairs. Quite probable. It will be getting on to the time when Presidential kites will be flown.

District Attorney Jerome talks as though Harry Thaw had timed his shooting escapade with an especial view to breaking up Mr. Jerome's fishing excursion.

The next thing we may expect to read advertisements about is some cure for the "denatured alcohol habit."

They no longer ask in Toledo "How would you like to be the ice man," because everybody knows already.

## CURE YOUR KIDNEYS.

Do Not Endanger Life When a Jefferson Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work. If you have any, even one of the symptoms of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Jefferson testimony:

E. G. Goodman, proprietor of restaurant at Lafayette and Walnut sts. Jefferson, Texas, says: "For several years my wife suffered with kidney troubles. She had a dull, grinding pain in the small of the back, extending at times to the top of her head. The kidney secretions were irregular and of an unhealthy appearance? She was feeling so bad that she told me to go to the doctor, and it just happened at that time that an advertisement of Doan's Kidney Pills attracted my attention and we sent to The J. F. Crow Drug Co.'s store for a box. Mrs. Goodman began using them and the treatment so effectively rid her of her trouble that I have never heard her complain of her back or kidneys since. She feels better in every way than she had for years."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name, Doan's, and take no other

Anybody having \$30,000,000 or less to invest, can be accommodated at the Treasury Department any time between now and the twentieth of this month. The Secretary of the Treasury opened up the week by offering that amount of canal bonds for subscription to the public. Now of course the most of us will not be able to bid on them at all and there probably will not be many parties who will want to take whole amount. But it is a rather interesting indication of the credit of the United States when it is known that this mass of security has been offered that it bears only 2 per cent interest and that there is a special clause in the law which prohibits the bonds from being offered at less than part. And there is no question at all that the issue will be largely over subscribed.

They are short term bonds at that. They may be called in by the government at the end of ten years and they are payable at the end of thirty. There are a lot of private firms and individuals who would be glad if they could get money in those amounts and on those terms. But there will be no trouble about the United States getting all it wants and if the amount were ten times the \$30,000,000 it probably would all be taken on the same terms.

It is a very satisfactory indication of the country's state of prosperity.

The silly season has returned and they are re-printing that story about discovering a paper mine out in Utah. Now it is in order to produce the stories about the lake of ink and the steel per quarry.

It is announced that Germany is going to demand that Secretary Root explain our tariff system. If Germany were wise she would call on John Dalzell or somebody else who pretends to understand it.

President Roosevelt is going down to Panama so he says to "see the dirt fly." He could save money by staying home and watching the campaigns to Pennsylvania, Wisconsin and a few other states.

Printer Stillings probably will try to explain his four hour delay on the ground that the Printing Office was trying to catch up with Senator Morgan's last canal speech.

That report that Secretary Shaw is killing his own boom is entirely baseless. What the coroner wants to do is to examine the finger prints of Gov. Cummins.

So far as heard from Senator Beveridge did not even send that Paris audience a letter of regret.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

The first bale of new crop cotton, received at New Orleans last week, sold on the 9th for 46c per pound, bringing \$253
